Ford Plants to Re-open by Monday

DETROIT (AP)—The United Auto Workers Union is counting on getting Ford Motor Co. back into production Monday despite unsettled disputes over working conditions at 20 plants.

The UAW's 100-member Ford Council late Thursday approved overwhelmingly a three-year labor contract.

The council decided to end a national strike that shut down all of Ford's plants 10 days ago, idling 120,000 production workers.

But the council turned over to the International Executive Board the problems of settling disputes over working conditions at a score of key plants in the Ford automobile system.

UAW Vice President Ken Bannan, who is director of the UAW Ford department, said, "We are hopeful of getting this wrapped up over the weekend—possibly today."

The board late Thursday night authorized continuation of strikes at all plants where agreements have not been reached on working conditions. The board said it will meet again Sunday to review situation.

Bull Shoals Bid

LITTLE ROCK (AP)—Okonite Co., Passaic, N.J., was apparent low bidder on a supply of generating cables for two units at Bull Shoals Dam. The bid, opened Thursday, was \$57,669, Army Engineers said.

\$3.2 Million for Arkansas Hospitals

LITTLE ROCK (AP)—A total of \$3,248,425 in federal matching funds has been allotted to 12 Arkansas hospital and nursing home projects, Eugene Spratt, director of the Hospital Division of the State Health Department, said today.

The funds are to be used to build five hospitals and a nursing home; to expand five other hospitals and enlarge another nursing home.

All 12 projects would cost \$7,638,555.

Largest two of the projects are a two million dollar expansion of Sparks Memorial hospital at Fort Smith and construction of the two million dollar Union County hospital at El Dorado. The federal government will spend \$500,000 on the Fort Smith project and about \$700,000 on the Union County hospital.

Other projects for which the funds were allocated are:

The Little River County Nursing Home at Ashdown, to cost \$263,000 and receive \$173,000 in federal funds.

An addition to the Sparks Nursing Home in Fort Smith at a cost of \$75,000 with two-thirds of the money being federal funds.

The Baxter County hospital at Mountain Home at a cost of \$615,000 and \$330,000 federal funds.

The new 20-bed De Witt and General Hospital, costing \$273,333. Of this \$150,333 will be matching funds.

The Montgomery County Hospital at Mount Ida, to cost \$253,000 with the government paying \$153,000.

Expansion of the Forrest Memorial Hospital at Forrest City, at \$753,888. This includes construction of a new nursing home wing. Federal participation will be \$243,235 for the hospital and \$158,000 for the nursing home.

Ghana Asking UN to Expel South Africa

By TOM HOGE

UNITED NATIONS, N.Y. (AP)—Ghana sought support today for a resolution calling on the Security Council to expel South Africa from the United Nations.

Ghana Ambassador Alex Quaison-Sackey said his delegation had drawn up a draft demanding the ouster of the white supremacist nation and would put it before the 26-nation African group today.

Quaison-Sackey declined to say on what grounds the demand was based until he had consulted the rest of the group. Presumably it says South Africa is unworthy of U.N. membership because it is continuing its apartheid — race segregation — policies in defiance of repeated U.N. appeals.

Some Africans doubted Ghana would get strong support from their group for such a drastic demand. A number of African delegates, although bitterly opposed to South Africa's racial policies, have said privately they feel it is wiser to keep the republic in the U.N. where other members can bring pressure to bear and perhaps eventually get some results.

At least seven affirmative votes would be required in the 11-nation Security Council to expel South Africa. Observers doubted that many could be mustered.

Ghana's resolution reportedly was drawn up before South African Foreign Minister Eric Louw made his policy speech in the General Assembly that brought down the wrath of the African group and resulted in a 67-1 vote of censure against Louw.

Louw has claimed the concerted black African move against his government was decided long before he spoke and that his address served only to trigger the censure vote and move for expulsion.

U.S. Delegate Arthur Dean told the 100-nation political committee the Soviet Union is forcing the United States to reconsider whether it will resume testing nuclear weapons in the atmosphere.

Dean declared the United States so far has refrained from testing in the atmosphere and has conducted only small underground blasts. But he added that if the Soviet Union keeps on testing, the United States will have to re-examine its own position.

In the quest for an interim secretary-general the United States was reported to have rejected a Soviet proposal that any stop-gap executive should have six under-secretaries as advisers. The U.S. wants only five.

Arkansans Face Federal Charges

WASHINGTON (AP)—Two operators of a Huntsville, Ark., livestock auction market have been charged with violating the Packers and Stockyards act, the agriculture department said.

Ansel Breeding of Galena, Kan., and D. C. Montgomery of Springdale, Ark., were named in a complaint issued by the packers and stockyards division of the Agricultural Marketing Service Thursday.

The complaint charges the two operators of Huntsville Livestock Auction violated the act by engaging in business as a market agency and dealer without furnishing the required bond.

It also alleges that between Jan. 10 and April 25, Breeding and George McKee, a trading partner, bought for speculative purposes livestock consigned to the Huntsville market. The agency charged profits from resale of the livestock were shared by McKee and Breeding.

In connection with those transactions, Breeding and Montgomery were accused of issuing accounts of sale to consignors without disclosing that breeding had a financial interest in purchase of the livestock involved.

The complaint says during the first six months of this year, Breeding and Montgomery used proceeds from sale of consigned livestock for unauthorized purposes.

The department said this endangered prompt payment to their consignors and incurred deficits in their account for shippers' proceeds.

The department said a formal hearing will be held on the complaint unless the two men waive it by admitting the charges or failing to answer the complaint within 20 days.

Agriculture Dept. Ignores South's Pleas

WASHINGTON (AP)—The Agriculture Department has ignored appeals from the cotton industry and Southern congressmen and reduced 1962 cotton planting allotments by 1.9 per cent.

The department announced the cut Thursday and set Dec. 12 as the date for a grower referendum on marketing quotas which would go along with the allotments if approved by at least two thirds of the growers voting.

Quotas never have been rejected.

The national allotment was set at 10,101,710 acres compared with 10,548,424 in 1961. It is a decrease of 356,706 acres.

The department said the announced acreage could produce enough cotton to meet domestic and export demands on the 1962 crop without any further material reduction in current reserve stocks. They are at the lowest level since 1953.

The department calculated that demands upon the 1962 crop would be about 14.5 million running bales. Those urging a larger allotment have said demands would be more than a million bales higher.

Sen. J. William Fulbright, D-Ark., earlier this week protested any decrease in allotment in a telegram to President Kennedy.

The National Cotton Council, some other farm organizations, and several other congressmen have been leading the fight against a decrease in allotment.

They said an increase was needed because of what they said was an indicated strong demand for next season, the low level of stocks, and a tense world situation.

The national allotment will be apportioned among states, counties and individual farmers largely on the basis of their past planting. Each farm's marketing quota would be the amount grown on its allotment.

Tells Accuracy of U.S. Missiles

NEW YORK (AP)—Gen. Bernard Schriever, Air Force missile and space chief, said the United States has nuclear missiles accurate enough "to land within the confines of an airplane."

"We know within a few feet the location of our impact areas," he said Thursday.

Schriever addressed a meeting of the American Rocket Society's Space Flight Report to the Nation.

Nixon Flatly Out of Race for President

LOS ANGELES (AP)—Richard M. Nixon will flatly declare himself out of the 1964 presidential race within the next few weeks, a Nixon source said Thursday night.

The source, who asked not to be identified, told newsmen at a private gathering: "Mr. Nixon feels that there are no possible conditions under which he would be a candidate for president."

The source said the former vice-president also held these views:

1. President Kennedy probably will be unbeatable in 1964; his only real problem in winning re-election would be an economic recession, and if the United States should go to war, his re-election would be certain.

2. Probable GOP candidates will be Gov. Nelson A. Rockefeller of New York or Sen. Barry Goldwater of Arizona—or a combination of both.

3. Nixon plans to do very little campaigning for governor of California during the rest of 1961 and definitely will not permit party leaders from outside to stump California for him—with the possible exception of former President Dwight D. Eisenhower.

(Nixon, defeated in the 1960 presidential election, stated at recent news conference that he would serve California's full four-year term if elected.)

Tribute to Federal Judge

Judge Harry J. Lemley, RETIRED FEDERAL JUDGE HARRY J. LEMLEY, EARLIER this week, was honored by the Arkansas Bar Association with a plaque as a tribute in recognition of his extraordinary contribution to the Bench and Bar. The Bar group passed a resolution at its June meeting to so honor the local judge.

The presentation was made by Will S. Mitchell, past president of the Association, John P. Williams and Arthur Frankel at the home of the Judge. Appointed by President Franklin D. Roosevelt in 1939, Judge Lemley retired in 1958 after sitting on every federal district bench in Arkansas. Many of his decisions are well remembered, the most famous perhaps, dealt with the school integration question in Little Rock.

The plaque, copper on polished Arkansas Walnut, reads in part: "Judge Harry J. Lemley has retired from active service, but his opinions still live in the law. He is one of our finest members. So that he may know our devotion and thanks . . . the Arkansas Bar Association conveys the appreciation of its members to Judge Lemley for services devotedly rendered, for the exercise of sound judicial temperament, and for having wisely found and applied the law."

Most Serious Deed Yet in Berlin Crisis

By JOHN FIEHN

BERLIN (AP)—East German police fired repeatedly today on U.S. military police and West Berlin police after nine refugees broke through the barbed wire ringing off West Berlin.

No one was hit in the shooting and the Western police did not return the fire.

The nine refugees dashed into the American sector of West Berlin after their truck got stuck in the Communists' barbed wire entanglement.

West Berlin police called the shooting the most serious incident since the Communists barricaded the border Aug. 13.

A U.S. Army spokesman confirmed there had been shooting. He said a U.S. military police patrol was at the scene but merely observed it.

East German police shouted warnings to the Americans and West Berlin police to stay away from the fence where the refugees' truck was stuck in the wire mesh and then opened fire with rifles and submachine guns, eyewitnesses said.

The East Germans kept shooting sporadically for an hour. They rushed an armored car to the border with a heavy machine gun mounted on it but did not fire.

The East Berlin guards have been shooting almost daily along the tense Berlin border, bringing warnings from both West and East officials of the danger of setting off the powderkeg.

The shooting stopped shortly after the East German police had dragged the truck free from the wire fence.

West Berlin police said their forces and military police were never closer than 50 to 60 yards to the East Berlin police.

Including the nine refugees, a total of 20 East Germans escaped to West Berlin in the 24 hours ending at 7 a.m. Among them was one East German policeman.

On the border between West and East Germany, a West German newspaperman trying to interview East German farmers near Giffhorn was shot and dragged off into the Communist zone, witnesses reported Thursday.

The newspaperman apparently stepped over the frontier line during his interviews.

In Bonn, West German Foreign Minister Heinrich von Brentano said new instructions are being sent Ambassador Wilhelm Grewe in Washington on the Berlin crisis but made clear his government is holding fast to the policy it has pursued toward East Germany for years.

He said West Germany is counting on the Western allies to stand by their 1954 pledge to recognize it as the only spokesman for the whole German people.

MOREHEAD, Ky. (AP) — Contracts totaling \$1,825,000 for construction of two dormitories at Morehead College have been awarded to a Little Rock, Ark., firm, college officials announced Thursday.
Pickens-Bond Construction Co. was awarded contracts to construct a six-story, 75-room, women's dormitory and a four-story, 100-room men's residence Hall.

Americans Have to Live in Peril
By WHITNEY SHOEMAKER
CHAPEL HILL, N.C. (AP) — President Kennedy declared today that Americans are destined to live most of their lives in "uncertainty, challenge and peril."
But Kennedy told a throng of thousands at the University of North Carolina that if citizens of the United States "can do our duty undeterred by fanatics or frenzy at home or abroad we shall be neither Red nor dead but alive, free and worthy of the best traditions and responsibilities" of state and country.
The world now pits opposite each other two opposing forces with the capacity to destroy each other, Kennedy said. He set forth this philosophy for the United States:
"While we do not intend to see the free world give up, we will make every effort to prevent the world from being blown up."

Portuguese Macao was Europe's first foothold and Christianity's first beachhead in China.

THE UNITED WAY

A generous pledge to our city's United Fund campaign means you aid many campaigns with the single gift. Your contribution does many things — it fights disaster and disease, helps prevent juvenile delinquency, preserves family life and works toward solving the problems of the aging. GIVE—the United Way.

Russia Fires Another Blast

WASHINGTON (AP)—The Soviet Union fired another atomic blast in the atmosphere early today, the Atomic Energy Commission reported.
This was No. 20 among the Soviet tests that have been announced by the AEC since the Soviets resumed tests Sept. 1.
President Kennedy told a news conference Wednesday there have been "over 20 tests" by the Soviet Union.
In elaboration on Kennedy's remarks, the government disclosed later that it had knowledge of some Soviet tests which it had not publicly announced.
The AEC said today's Soviet nuclear detonation was in the vicinity of Semipalatinsk and had a yield in the low-to-intermediate range.
The phrasing would indicate the detonation was less than one megaton—a unit of measure meaning the equivalent of a million tons of TNT.

Assumes Presidency

LITTLE ROCK (AP) — Dr. Lewis Hyatt of Monticello assumed presidency of the Arkansas Academy of General Practice Thursday. Other officers are Dr. Ross Maynard of Pine Bluff, president-elect; Dr. T. D. Hommeycutt, Little Rock, secretary-treasurer; and Dr. A. J. Forestiere, Harrisburg, vice president.

Rambler in 3rd place! Now outsells all other U.S. cars but two!

RAMBLER Announces Major Improvements, Lower Prices On All Models!

We're giving you an obviously better value in product and price to get you to switch to Rambler.

More built-in value • New styling • New Double-Safety Brake System—one system for front brakes, one for rear • Self-adjusting brakes • New Road Command Suspension on Classic, Ambassador for easier steering, more stability, smoother ride, with chassis lubrication that lasts 33 times longer • Many parts lubricated for life • Dowgard Full-Fill Engine Coolant—low cost, good for 2 years • 4,000-mile engine-oil change, oil filter standard • New E-Stick Transmission—no-clutch-pedal driving at 1/3 usual cost, stick-shift economy—option, American • New optional Lounge-Tilt Seat—adjusts front-passenger seat for knee height • 27% more road clearance on Classic, Ambassador—19% more on American • 2-year battery.

Lower prices—On every '62 Rambler, our suggested factory-delivered price is lower than on the

comparable 1961 model. Of 27 regular models offered, 13 show prices lower by \$112 or more, and seven of these are lower by \$209 or more.

Rambler Ambassador V-8—Every model priced at least \$200 lower.

Rambler Classic 6—From \$50 to \$230 lower.

Rambler American—Already America's lowest priced, but most models now lower by at least \$100.

As American Motors' President George Romney recently stated for the press: "Our price action is based on the opportunity we have at the present time to take another big step forward in expanding Rambler's portion of the car market. Our progress-sharing program . . . is the key to building a stronger competitive position and a stronger future-earnings position in the automobile industry."

You step up into trouble-free quality when you step into a Rambler. See your Rambler dealer today—take a Discovery Drive.

Have The Young A Corner on Love? Two-Timing Husband, Family Warpath

By HELEN WORDEN ERSKINE

Dear Helen: Here I am, a woman past middle life, talking of love! Did you ever hear of such nonsense? And yet it is true. "This very nice man and I work side by side in a shopping center. I am a widow, he a widower and like myself, in his fifties. We have known one another two years—before I lost my husband. (If he had lived we would be married 34 years). Ours was a happy marriage save for the months when he was sick. The first day back to work after the funeral a man stopped me in front of the shopping center and expressed his deep sympathy. The sincerity of his manner brought tears to my eyes. But not until he went on did I realize he was the man who worked next to me in the shopping center. Aside from a good-morning and good-evening, we spoke no further during the next few months.

Then, on a beautiful spring day last April, he asked me to join him at a coffee break. Facing each other across the restaurant table I detected a sparkle of admiration in his eyes. I don't call myself beautiful but I am attractive and still rate a compliment or two. Now, it has reached the point where we have coffee together every morning. He lives in town, I on a farm about 20 miles out, with my 17-year-old son.

My friend was raised in the country and still likes farm life. Would I seem over-anxious for his company, this son after my husband's death, if I invited him for Sunday dinner? Is it love or loneliness that is drawing us together? Am I being foolish to even talk of falling in love again? — V.

Dear V.: Before my first husband, John Erskine, died he said to me, "Remember to live. If I go first, don't be Lot's wife. Look forward, not back." I give his words to you, knowing that, since your husband loved you, he would feel as mine did. I found, as you have, that it is possible to love more than once, though in a different way. I was well past 50 when I married William Henry Harrison Crammer, a widower. It has been our experience that love intensifies, rather than diminishes, as one grows older. So, don't

Cats Get Men His Divorce

DETROIT (AP)—John H. Buck says his wife, Terry, prefers the company of her 22 cats to him—so he wants a divorce.

In a suit filed Thursday, the suburban Garden City man charged that the cats have all but evicted him from his home. He complained that friends refused to visit because of the cats.

Also, he said, since Mrs. Buck started acquiring the cats three years ago it has cost him \$3,000 to care and feed them.

The couple was married in March, 1957.

The department said officials are not entirely satisfied with the allotment, partly because there were conflicting interests within the industry which made it difficult to obtain a general agreement upon changes in the program.

But the department said it hopes that it will be able to recommend to Congress changes in the program by which producers will have a better chance to meet their objectives.

Witt Stephens Is a Super Salesman

Arkansas Business By JOHN JUTTON Associated Press Staff Writer

A good salesman can sell anything, the old saying goes, and W. R. (Witt) Stephens of Little Rock is walking proof of it.

Stephens, wealthy financier and president of Arkansas Louisiana Gas Co. is so good he can sell anything.

Several years ago Stephens visited New Orleans where the warm glow of gaslights caught his eye. He bought two of the gleaming fixtures for his home.

And with the purchase, an idea germinated. He'd start his own business. After all, he was already selling gas and gaslights would create a new market for it.

This, so to speak, was Stephens' first backward step.

Stephens was able to secure a gaslight plant at Evansville, Ind. On Feb. 3, 1958, Stephens' vision of old-fashioned gaslights twinkling across the country came closer to reality when the first of the lamps came off the assembly line at his new plant.

William G. Wepler, vice president of Arkla Industries, Inc., said that current production is around 800 gaslights each week.

He said the lights are sold in all 50 states and that since production started, more than 300,000 have been installed.

While the lights were greeted with nostalgic acceptance sales were enhanced by the old dreamer himself.

In spare moments, Stephens peddled his new "child" door-to-door. His action got wide publicity for gaslights.

One close associate said "He hasn't given up the practice yet, either."

Monetarily, Stephens' brainchild hasn't contributed noticeably to Arkansas' economy if this is figured in the number of sales made.

But, as a nationally-circulated magazine points out, the wealth of good publicity the innovation has brought Arkansas is immeasurable.

Stephens, quick to catch the opportunity of publicity, once offered to line the streets of Little Rock with gaslights.

"We could even install gaslights from Little Rock to Shreveport," Stephens said. "It would be good advertising."

There was no official reaction.

Not content with this facet of by-gone days, Stephens is now producing rocking chairs and horse-drawn buggies at a plant in Emmet, in southwest Arkansas.

It's true that these haven't caught on as quickly as the gaslights did, but then, Stephens isn't pushing them door-to-door.

Pilot Lives 4 Days in Utah Hills

By ROBERT F. ALKIRE

ALPINE, Utah (AP)—A severely injured pilot who huddled more than four freezing days near the wreckage of his light plane was snatched from a snow-mantled Utah mountainside early today by a rescue team. But his companion was dead.

For Joel T. Honey, 52, of Needles, Calif., locomotive engineer, rescue ended painful hours spent shivering in the smashed single-engine craft waiting for one of several search planes in the area to spot him.

Near was the body of William Royal, also of Needles, who would have been 53 years old today.

The two men Saturday were flying to Provo, Utah, 15 miles south, when their craft smashed into 12,000-foot Mt. Timpanogos at the 8,000-foot level.

Honey said he recovered consciousness in the shattered plane 45 minutes later and Royal was dead.

From then until his rescue, Honey, 6-3 and 200 pounds, had no food - only snow.

At Utah Valley Hospital in Provo, attendants said Honey's condition was fairly good. He had a dislocated hip, broken jaw and arm and other injuries.

Many times he crawled painfully around the broken plane, he said, stuffing rags into cracks to keep out winds and night-time temperatures that dropped to near 20 degrees.

He carefully made signal flares by soaking rags in gasoline; packed little snowballs which he hoped to roll down the mountain-side, and sprinkled gasoline on the plane's wings, all in the hope of attracting attention should a search plane come near.

Wednesday, a pilot spotted the

Bobcats Go to Fairview for 4AA Fight

By VINCE FOSTER

Tonight the Bobcats hit the road as they will be meeting the Fairview Cardinals in a 4AA battle there. If the Cats can take this one, they will be well on their way toward a winning season, despite a bad start.

In the past eight years the Bobcats have won four and lost four in this series, and tonight's match could put Hope out front. The Cats lead, however, 139 points to 99 in the scoring honors. Last year Fairview broke a five year win record of the Bobcats over them, by slipping past Hope 14-7.

The Cardinals presently sit in 6th place in 4AA behind Hope and Crossett who are tied for fourth. Last season they tied Smackover for second place in the district with a 4-2 conference record. They haven't broken into the victory column yet, but Fairview is well known to be a dangerous threat with veteran Stanley Watson, 180 pound FB who led the district in rushing last year. Also HB Tommy Burton provides the speed which has given Fairview 14

points this year, six on a 55 yard pass interception. Any way you look at them, the Cardinals have the ability, but will they be able to stop the Bobcat offensive at stop the Bobcat offensive at stop the Bobcat offensive at

This attack really showed up last week in the Bobcat victory of 33-6 over Crossett. All four of the Bobcat backs, McFarly, Dudley, Crain and Porterfield, moved very well behind fine blocking. These "horses" averaged better than seven yards per carry among themselves and they were backed by a strong second team which seems to excel in passing and spectacular plays. The Eagles proved no match for the Hope forward wall, consisting of Jones, Marcum, Compton, Watkins, Caldwell, Roberts, Beggs, Yocum and Beyerley. If these Bobcats can team together with the backfield as they did last week, the Cats will be coming home with another big victory.

The pep squad, band, cheerleaders and students are following the Bobcats to Fairview tonight. They would be glad to have a lot of company, so boost the Bobcats.

Michigan Game to Be Televised

By JACK CLARY
Associated Press Sports Writer

Colorado's Buffaloes invade the Miami Orange Bowl tonight looking for a victory over the Miami Hurricanes—and also looking to come back New Year's Day as the Big Eight's representative in the Orange Bowl football game.

The Buffaloes, victorious in all three starts, present a solid line-up, bulwarked by their great guard Joe Romig and directed by sharp-shooting quarterback Gale Weidner, chosen back of the week by The Associated Press last Wednesday.

In New Orleans Sugar Bowl, home of Tulane, the host Green Wave met Virginia Tech of the Southern Conference while Boston College travels to play Detroit's Titans in the Motor City.

Colorado is the favorite to take the Big Eight crown and last week showed why when it came from a 19-0 deficit in the last 13 minutes to beat Kansas 20-19. Weidner passed for the three touchdowns with a tremendous exhibition of precision play-calling.

The Hurricanes, upset last week by Navy, once again will be without sopho quarterback George Mira, who suddenly has become the difference between victory and defeat. Mira is sidelined with bruised ribs, suffered three weeks ago against Kentucky, and Bobby Weaver will do the quarterbacking.

Boston College, 1-2, will have to stop the Titans Jerry Gross, fourth-ranking total offense performer in the nation.

Tulane is winless in three starts while Virginia Tech has split a pair of games. The Green Wave got the nod though on a tough defense.

There'll be some attempts made at defense Saturday too, in Ann Arbor, Mich., when Michigan State and Michigan, ranked fifth and sixth respectively, in the current Associated Press poll, clash before a sellout crowd of 101,000 and a national television audience (ABC-TV, 1:30 p. m. EST).

Michigan State ranks first nationally in rushing defense and they'll need it to stop the Wolverines powerful backfield. State hasn't lost to Michigan since 1955.

Mississippi's, the nation's No. 1 team, puts its 3-0 mark against Houston (1-1-1) while second-ranked Iowa hopes to make up for last week's squeaker against Southern California when it plays Indiana. Seventh-ranked Ohio State goes against Illinois while Notre Dame (No. 8) goes against Southern Cal.

Third-ranked Alabama, leading the Southeastern Conference with a 3-0 mark, plans non-conference foe North Carolina State and fourth-rated Texas meets twice-beaten Oklahoma. Baylor, ranked ninth, meets tough Arkansas (2-1) while Maryland, 3-0 and rated 10th, plays North Carolina in an Atlantic Coast Conference battle.

Juniors Smear Nashville to Stay Unbeaten

By VINCE FOSTER

The Hope Junior Bobkittens remained undefeated, as they took their 4th win of the season and 18th consecutive victory by stomping the Nashville Juniors 32-7.

Hope started its first drive after receiving a punt on the mid-field stripe. This drive, highlighted by a Waller scamper of 33 yards, was climaxed as Virgil McNatt took it over from the 12. Moses made the PAT and the Kittens led 7-0.

The second Bobkitten score was set up by two Jordan-Waller pass plays which totaled 25 yards. Jordan carried for the final 13 yards, with Moses again making the extra point.

Once more the Nashville single wing couldn't move and Hope drove 28 yards to the host's 3, where Moses scooted across. The attempted pass for the PAT failed. Nashville roared back and quickly moved to the Kittens 16, where this drive was stopped as Waller intercepted a Nashville aerial as the half ended with the Kittens out front 26-0.

Hope fumbled the kickoff on their own 35 and Carozza carried it all the way on the next play for the lone TD. The Kittens again fumbled on the Nashville 25, but plays later Waller intercepted on the 24. Here McNatt again scampered around right end for the TD. Jordan's drop kick for the PAT was wide, but the Kittens were out front 26-7.

The final score came after a 38 yard pass to Waller, who carried it to the two, and then scored on the next play. Although the drop kick was again wide, the Kittens racked up their 18th consecutive victory 32-7.

The Hope defense, led by Jimmy Johnson and Harry Ray McMahen held the Scappers to only 4 yards net in individual rushing in 25 carries. They totaled 69 yards rushing and passing, with most of it coming on kickoff returns. The victors marked up 226 yards rushing and 67 yards passing for a total of 293 yards.

Virgil McNatt, in his first starting role, picked up 63 yards. He replaced Jerry Burnett, the leading Kitten scorer, who broke his leg two weeks ago. Jerry Waller gained 5 yards, while Moses picked up 5 and Jordan 39.

Next week the undefeated Kittens play host to Arkadelphia.

Porkers Leave for Crucial Game at Waco

PAYETTEVILLE, Ark. (AP) — The Arkansas Razorbacks leave today for Waco, Tex., where they'll be slight underdogs in a vital Southwest Conference game with Baylor Saturday night.

The Razorbacks have won 10 straight games in Texas. They have a score to settle with the Bears, ranked ninth in the nation this week. Baylor handed Arkansas its only league defeat as the Hogs copped the Southwest Conference championship last year.

Arkansas has concentrated this week on getting its defense ready for the pro-type Baylor offense that wrecked the Hogs 28-14 in Fayetteville last fall. Arkansas Coach Frank Broyles said there hasn't been enough time to work on offense, and he's hoping the Hogs can maintain the keen seeking power that carried them to 28-3 victory over Texas Christian in Little Rock last week.

Asked if the Razorbacks would stay as high for the Baylor game as they were against Texas Christian, Broyles said, "If they can, they'll be one of the first teams in history to do so."

Arkansas has set its sites on stopping Baylor's three Ronnie—quarterback Ronnie Stanley, fullback Ronnie Bull and halfback Ronnie Goodwin. With this objective in mind, the Hogs worked for about an hour Thursday in their last important pre-game practice session.

Broyles said there was some improvement over practice sessions of Tuesday and Wednesday. "We're still shook up," he added. Baylor is 2-0 to Arkansas' 1-1.

Hogs Upset Over Liquor Label

LITTLE ROCK (AP) — University of Arkansas officials are upset over the Razorback label now appearing on a whisky being distributed in the state.

President David W. Mullins announced "deep concern" over the matter and said university officials planned to meet with distributor Harry Hastings of Little Rock today hoping to persuade him to remove the label from the market.

The whisky has the name "Razorback" and sports a bright red "A" with a razorback hog strongly resembling the university's emblem.

Shoats Journey to Lubbock, Tex.

LUBBOCK, Tex. (AP) — Arkansas' freshman Shoats see their only Southwest Conference opposition of the season tonight when they take on the Texas Tech freshman Pledgers here.

The Shoats were impressive in a 26-0 opening victory over North Texas State. But the Tech frosh have a good recent record. They beat the Shoats 20-6 in 1959 and 34-27 last year.

This is their opening game. The Shoats will depend on a sharp offensive attack marshalled by quarterback Garland Ridenour. He ran and passed for 112 yards in the opener.

With him in the backfield will be Ronnie Carter of Fordyce and Ken Hatfield of Helena at halfbacks and Bob Reynolds of Fort Smith at fullback.

Negro Is Fatally Stabbed at Newport

NEWPORT, Ark. (AP)—A 20-year-old Newport Negro, D. L. Shockey, was fatally stabbed Wednesday afternoon while working in a cotton field, Sheriff Leonard Woodman reported.

The man, Woodman said, was stabbed by Emma Lou Bailey Shockey, Negro, who was working in the field with him.

The sheriff said the woman had admitted the stabbing.

No charge had been filed today.

and dragged Potter from beneath the steering wheel. He also beat Potter to the pavement, then hit him again when he got up.

Potter and Hayden, who had red marks and small cuts on their heads and necks after the beating, said they were string correspondents for the New York Post. However, the Post said the two were not representing the newspaper.

Police chief George Guy said Hayes was arrested later and charged with assault and battery. Guy said the man was released on a \$100 bond pending trial.

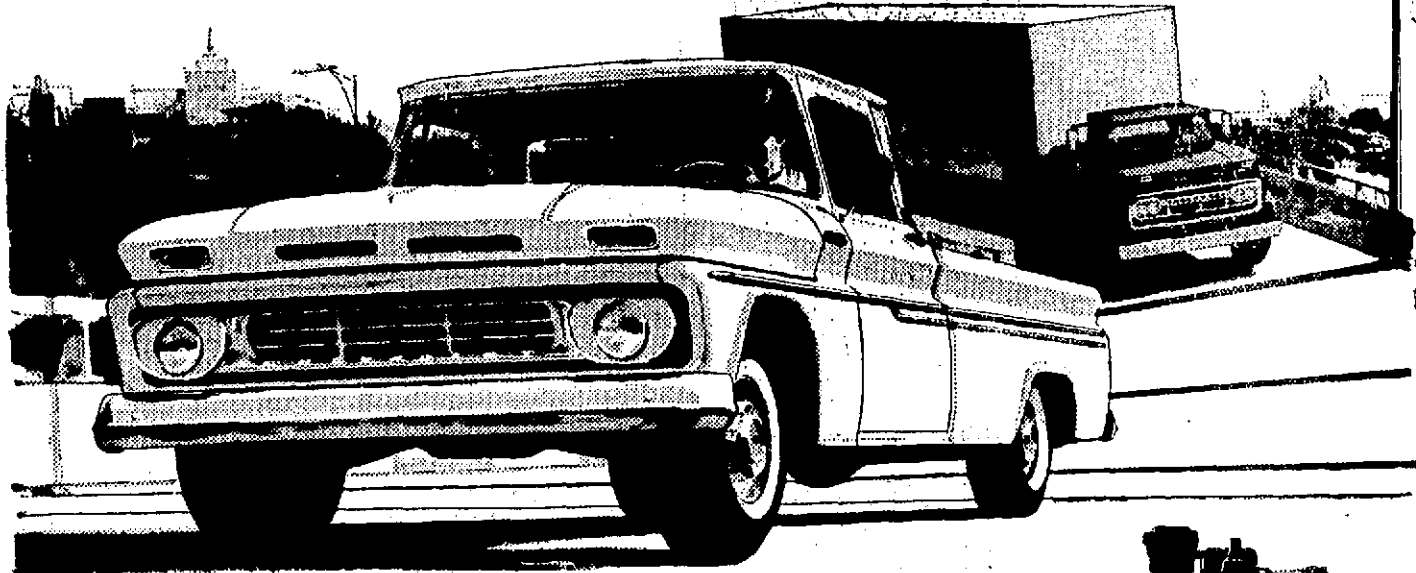

Hayes told police the incident did not involve the race issue. He said he was in the area, picking up pipe from a supply house across the street.

He said when he attempted to cross the street on the red light, the car occupied by Potter and Hayden almost bumped him and one of the men mumbled curse words at him.
